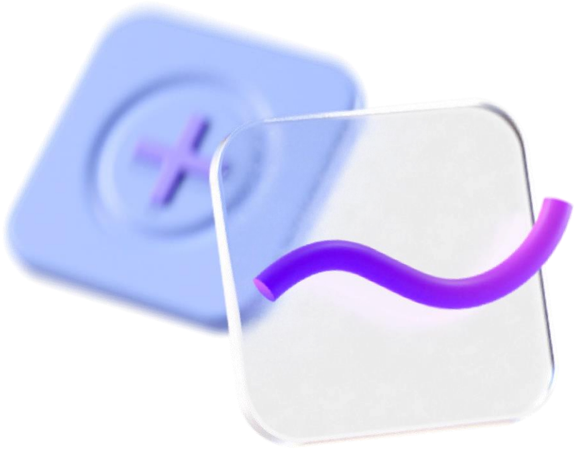
Welcome to StorX Network



Let’s get started.

StorX bring you Distributed Cloud Storage Powered by XinFin Blockchain Network
StorX mainnet is here and STORX is a XRC-20 utility token that powers StorX data storage Marketplace.
Setup Node and earn STORX and Store Data and pay using STORX token.
We aim to create a wide range of Internet services with a focus on data security and privacy.

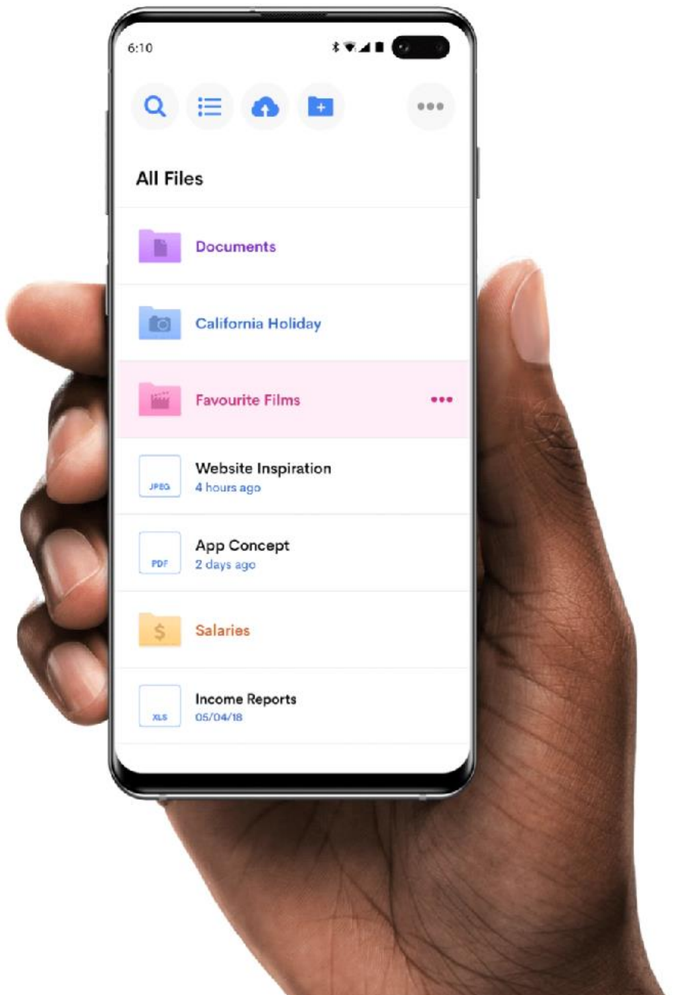
READ ON

StorX Cloud Storage

100 % Secure Privacy Protected Decentralized Cloud

Designed to protect your digital security.

Files are end-to-end encrypted, fragmented, and then distributed amongst different machines around the world. Your personal data is part of our distributed network and no longer sitting in one central location.



StorX Mobile App (Coming Soon)
